PROFESSIONAL SUMMARY

Full Stack Developer skilled in React.js, Node.js, Express.js, and MongoDB. Experienced in building responsive web applications, REST APIs, and deploying projects with Vercel and Render. Focused on writing clean, secure, and scalable code.

EXPERIENCE

Hike Digital Agency *Jan 2024 — Remote*
Frontend Developer Intern

- Delivered pixel-perfect Figma-to-React UI for a production-level agency project, completing full deployment 4 hours ahead of the 48-hour deadline.
- Implemented 100% mobile-first responsive design across 5+ device breakpoints using React.js and Tailwind CSS.
- Reduced code redundancy by 15% through modular DRY-principle architecture; collaborated with senior developers in an agile cross-functional team.

EWB Courses *Oct 2026 — Remote*
HTML,CSS Web Development

- Learned and applied HTML5 and CSS3 to develop responsive, structured, and visually appealing web pages.
- Implemented page layouts, navigation menus, typography, colors, and styling to improve user experience.
- Practiced clean code structure, reusable CSS styling, and basic responsive design principles.

PROJECTS

Chatbot – Museum Ticket Booking System *Dec 2025*
HTML, CSS, JavaScript, PHP, MySQL

- Developed a web-based chatbot improving visitor information retrieval efficiency by 60%, handling 500+ queries/month.
- Integrated PHP backend and MySQL database to deliver 95% accurate responses for museum exhibits and visitor FAQs.
- Enabled faster exhibit navigation and information access, decreasing average visitor query resolution time from 5 minutes to 2 minutes.

VidyaQuest – Gamified Learning Platform for Rural Education *Ongoing 2026*
Vite, React, Express.js, Node.js, MongoDB

- Built a full-stack MERN-based gamified learning platform covering Maths, Coding, Science, English, Hindi, GK, and History with interactive, gameplay-driven learning experiences.
- Implemented secure authentication and authorization with Node.js, Express.js, and MongoDB, enabling personalized student profiles and persistent learning progress.
- Designed and integrated RESTful APIs for user management, game levels, progress tracking, rewards, achievements, and learning activities using Express.js and MongoDB.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), C/C++
Frontend: React.js, HTML5, CSS3, Tailwind CSS, Vite
Backend: Node.js, Express.js, REST APIs
Databases: MongoDB (Atlas), MySQL
Tools: Git, GitHub, Vercel, Render, Postman, JWT
Soft Skills: Problem Solving, Team Collaboration

EDUCATION

Acropolis Institute of Technology & Research *2023 – 2027*
B.Tech in Computer Science and Engineering Indore, MP
CGPA: 5.96 — Coursework: Data Structures, DBMS, Operating Systems, OOPs

Pragmatic Public Higher Secondary School *2020 – 2023*
MP Board Class XII: 77%
MP Board Class X: 75%

CERTIFICATIONS

- Foundation of Project Management – Google (2026)
- Introduction to Frontend Development – Simplilearn (2025)
